PROFESSIONAL SUMMARY

As a recent graduate of the Bachelor of Global Law at Tilburg University, I am driven to apply my academic knowledge and practical experiences to a global setting. With a passion for contributing to the global community at large, I am currently seeking opportunities abroad to expand my skill set and contribute to a diverse and dynamic community.

My professional background as a history teacher in multiple countries has equipped me with valuable cross-cultural communication skills and a deep appreciation for diverse perspectives. I am eager to apply these skills in a new professional context, preferably in the role of a corporate in-house counsel, and continue to learn and grow alongside applying my learned knowledge of corporate & finance law, and transnational litigation.

If you are looking for a motivated, adaptable, and globally-minded team player, I am keen to connect and explore potential opportunities.
